VISIT DR. JORDAN'S GREAT

Tired and Nervous

It is easy to tell when your nerve-force and vital power are slipping away from you. When your day's work leaves you weary and exhausted; when you are so nervous, irritable and sleepless that your nights are passed in restless tossing; when you get up in the morning with no appetite for breakfast, and go around all day with a headache; you may be sure your nervous strength is being used up faster than it is being renewed.

"I was troubled a great dear with nervousness and headache. The least exertion would cause a dreadful pain in the head and when I became excited I would lose entire control of my nerves. I lived in that misery for ten years, failing to get relief until I began using Dr. Miles' Nervine. Within a week my friends were remarking how much better I looked, and soon after I found my health restored." MRS. Louis ELG, Idaho Falls, Idaho.

Gives the tortured nerves a rest, helps them regain their tone and steadiness, and is speedy remedy for nervous troubles of every kind.
